

T of E Ref: 55

I received a telephone call from Dr. Tillett at about 3.45 p.m. telling me that the lecture given by Dr. Inch was to be held in the Committee Room at Wivenhoe House, and not the Lecture Theatre Block as planned. Dr. Tillett asked me to tell only the people in the Chemistry Department and otherwise to keep it as quiet as possible as they were trying to avoid any disturbances at the lecture.

Ann Reilly  
Secretary  
Department of Chemistry.
